NEW PATENTED PIGGY BACK BATTERY SERIES FOR NEW SONY, JVC, PANASONIC SMART CHIP CAMCORDERS

The original battery supplied with the camcorder locks on the Piggy Back battery extending the capacity while using the original smart chip

FEATURES

- The Piggy Back battery can be left attached for charging on the camcorder
- The Piggy Back battery can be separated and charged on any after market charger such as the Empire DVU series
- No more worries about makers changing the smart chip
- Easy to use with instructions included
- Future models to be introduced shortly after camcorders are introduced; no more waiting 18 months for replacement batteries
